<b>KEY POINTS:</b>	<ul style="list-style-type: none"> <li>• The Black Country &amp; West Birmingham STP is working to deliver both the 'Strategic Planning Tool' (combined finance, activity and workforce plan for STP) and the STP 5-year plan (the STP's response to the NHS Long Term Plan).</li> <li>• The draft narrative is currently under development with each organisation contributing to and collaborating on the plan. Each CCG will be seeking the views of patients and the public during September, along with working with local authority partners to present to Health and Wellbeing Boards in September/October. This should ensure that while the plan is being developed at an STP level it is being locally owned.</li> <li>• The final draft of the plan will go to Governing Bodies during November 2019, with a launch and publication date by the end of November 2019.</li> </ul>
<b>RECOMMENDATION:</b>	To be noted by attendees and also provide feedback for inclusion in the plan
