Public or Private:	Public
Relevance to CCG Priority:	Planning
Relevance to Board Assurance Framework (BAF):	
<ul style="list-style-type: none"> • Domain 1: A Well Led Organisation 	The CCG is both resilient and compliant in line with statutory and regulatory requirements
<ul style="list-style-type: none"> • Domain 4: Planning (Long Term and Short Term) 	The CCG has a suite of plans in place to enable it to respond to a full range of incidents, both internal and external.

BACKGROUND AND CURRENT SITUATION

- 1.1. A report was brought to Governing Body in November 2016 outlining a resource requirement for the planned Business Continuity work stream to be completed.
- 1.2. Business continuity work within Wolverhampton CCG (WCCG) is on-going. Completion date for service level Business Continuity is May 2017.
- 1.3. A corporate level Business Continuity plan is being drafted in conjunction with Wolverhampton City Council and will supplement the Major Incident Response Plan (MIRP) plan already in place.

2. MAIN BODY OF REPORT

- 2.1. Each EPRR Core Standards self-assessment is comprised of a number of key standards accompanied by a “deep dive” into a particular area.
- 2.2. The Core Standards self-assessment is scheduled to be completed by June 2017. The Operations team can assure the Governing Body that the CCG will have the Core Standards completed ready for submission in June 2017. Further updates will be brought to this meeting in April, with a copy of the final proposed submission for signoff in May.
- 2.3. The 2016/17 self-assessment “deep dive” is business continuity planning. A work plan previously agreed is now well underway and will be completed by May 2017. (Appendix 1)
- 2.4. An overall work programme has been drafted in consultation with the CCGs Accountable Emergency Officer and aims to further improve both compliance and capability across the EPRR and Prevent agendas.
- 2.5. Work is also continuing on Pandemic Influenza. This has included developing a model for implementation across the Local Health Resilience Partnerships (LHRP) footprint. A multi-agency exercise will take place in February 2017.
- 2.6. Mass casualty planning is a key NHS work stream currently and is undergoing revision against latest risk and threat intelligence. WCCG is fully engaged with expectations and planning against this particular work stream. WCCG is also proactively supporting Vocare in ensuring that a seamless model for Major Incident response exists at the Wolverhampton Urgent Care Centre. These arrangements were exercised in a “live” environment, utilising volunteers as casualties, in partnership with the Royal Wolverhampton NHS Trust on the 29.01.17. WCCG

participation as observers supports the requirement for its own table top exercise which will adhere to the core standards criteria.

3. RISKS AND IMPLICATIONS

Key Risks

- 3.1. At present WCCG is well placed in terms of its level of preparedness and planning and continues to make progress in this area.
- 3.2. Failure to progress however, would leave WCCG exposed both in terms of compliance and also in its key role in managing the local health economy as the commissioning organisation, and in extremis, as the tactical tier for supporting NHS England in a major incident environment.

Financial and Resource Implications

- 3.3. The Business Continuity process will confirm the critical areas of WCCG business and ensure that such activities are able to continue, despite and throughout any disruption or incident.

Quality and Safety Implications

- 3.4. Based on the 2016/17 EPRR Core standards self-assessment WCCG maintains its “substantially compliant” assessment and has identified the areas for progression in the work programme presented at the September 2016 Meeting.

Legal and Policy Implications

- 3.5. Whilst WCCG remains well placed in terms of both regulatory and statutory requirements the continued development of EPRR needs to be maintained to ensure on-going preparedness and compliance.

4. RECOMMENDATIONS

- That the Governing Body **Receive** and **Note** the contents of this report
