

NHS Wolverhampton CCG – Equality Delivery System2 Covering Note

Appendix 4

Some of the information was submitted to on the 24 February 2017 and 6 March 2017, and this report had to be written and submitted by the 7 March 2017. So whilst the recommended overall grading is 'Developing', the late information has been included in the evidence portfolio template but I have been unable to make an assessment of the recommended grade.

The late information will be assessed prior to the publication deadline of the 31 March 2017 and therefore should not have any impact on the recommended grading of 'Developing'.
